PHASES 2 & 3 CONSTRUCTION IMPACT

Partition Wall in Check In Hall

A partition wall has been placed in the west side of the Owen Roberts International Airport Check-In Hall to facilitate ongoing construction of Phase 2. This partition will reduce space in the Check-In Hall and during peak travelling times it is expected there may be queuing outside of the terminal building. To mitigate inclement weather issues, the CIAA is in the process of purchasing tenting for the anticipated queues outside the terminal.
